

FUTP60 Application

Question #	Question	Ammon
8	Does your School Participate in the National School Lunch Program?	Yes
9	Does your School Participate in the National School Breakfast Program?	Yes
10	What is the percentage of students at your school eligible to receive free/ reduced price school lunch?	51.12%
11	What is the average number of students who participate daily in school BREAKFAST?	38
12	What is the average number of students who participate daily in school LUNCH?	118
13	Is your school wellness committee or school health council involved in planning and implementing Fuel Up to Play 60 at your school.	No, we have a committee but they are not involved.
14	Fuel up to Play 60 encourages all applicants to consider taking part in Let'sMove!Active Schools and the services and programs it offers. Is your school enrolled in Let's move! Active Schools?	
15	You Identified the following Healthy Eating Play that you will be implementing at your school this year: *Breakfast for Everyone - First Meal Matters*Farm to School - Know your food*Food:Waste Less and Enjoy! It's Good for All of Us*It's all about your Choices - Go Nutritious* Nourish Your community*Snack Smarter Schoolwide*	Food: Waste Less and Enjoy! It's Good for All of Us
16	Briefly describe how you will implement your Healthy Eating Play. Tell us what your school will be doing and how the items requested in your budget will help support your plan?	Robo Coupe food processor
17	How will your Healthy Eating Plan encourage students to consume more: *Low-fat/Non-fat Dairy*Fruits and Vegetables*Whole Grains*	The Robo Coupe food processor allows us to shred, chop and slice more efficiently and gives us greater flexibility on the fruits and veggies that we can serve to our students.
18	How will your school promote your Healthy Eating Play? Check all that Apply: *Kickoff event*Promotional posters/signs/flyers*Morning announcements*social media posts*Pep rally*Family Night*Newsletter/eNews*Other:(specify): _____	To our Advisor: We would love to provide fruits and veggies for your kick off event.
19	Explain how your school will continue with your Healthy Eating Play after funding is exhausted.	We will continue to use the Robo Coupe food processor in our school meal program to offer fruits and vegetables to our students. The increased efficiency will reduce labor cost and allow us to serve fresh fruits and veggies more often.
